

# Companies Directory

Companies directory can be found in main menu/Teamlead CRM/Companies.

Here you can manage the companies list.

The screenshot shows the 'CRM Companies' page in a Jira application. On the left is a blue sidebar with navigation options: Home, Back, Teamlead CRM Test, MAIN (Companies, Contacts), SETTINGS (Tabs and Fields, Sync Jira Users), and SUPPORT (Feedback, Documentation). The main content area has a title 'CRM Companies' and a search filter. Below is a table with columns: e-mail, Street, City, Type, Name, and Edit. Two entries are visible: Teamlead (Software) and AtlasSoft (Licenses). A pagination control shows page 1 of 1.

e-mail	Street	City	Type	Name	Edit
info@teamlead.ru	B.Sampsonievskiy, 68	St. Petersburg	Software	Teamlead	<input type="button" value="x"/>
info@AtlasSoft.ru	Tsvetnoy b-r	Moscow	Licenses	AtlasSoft	<input type="button" value="x"/>

To create new record click on "Add company" in top bar. Company's card has the fields from CRM Administration. Create and edit screens look like this:

The screenshot shows the 'Company Creation Form' modal window. It has tabs for 'Main' and 'Contact'. The 'Main' tab is active, showing fields for Name (Atlassian), Type (Software), Code (6767), and Id. There are 'Submit' and 'Close' buttons at the bottom. The background shows the 'CRM Companies' list with an 'Add company' button.

Contacts appear in company's card when the contact is linked with company (CRM Company attribute) in [Contacts Directory](#). Please note that Contacts are not shown in the companies list of CRM Directory.
