

How to Buy?

You can buy Werewolf for JIRA or Werewolf for Confluence directly on the [Atlassian Marketplace](#):

The screenshot shows the Atlassian Marketplace interface for the application 'Werewolf for Confluence - Switch to User'. The header is blue with the 'ATLASSIAN Marketplace' logo on the left and a search bar on the right. The main content area has a light gray background. On the left, there is an app icon (a stylized eye) and a rating of 4.9 stars with 49 reviews. To the right of the icon, the app name 'Werewolf for Confluence - Switch to User' is displayed in large blue text, followed by 'by Teamlead' and 'Atlassian Verified' status. Below this, it says 'for Confluence Server 5.10.4 - 6.8.1 and more versions'. A 'SUPPORTED' badge is visible. On the far right, there are two buttons: 'Try it free' (yellow) and 'Buy it now' (blue). A red arrow points from the 'Try it free' button towards the bottom right. Below the main content area, there is a navigation bar with links: 'Overview' (underlined), 'Reviews', 'Pricing', 'Support', 'Versions', and 'Installation'. On the right side of this bar, there is a dropdown menu labeled 'Server'.
