The screenshot displays the JIRA CRM interface. In the left sidebar, the 'Teamlead' company is listed and highlighted with a red box. A red arrow points from this box to the 'Company: Teamlead' header of a modal window. The modal window shows the 'Related Projects' tab, which is also highlighted with a red box. Below the tab, there is a table with the following data:

Project	Company's role	Contact	Contact's role
<input type="checkbox"/> SALES MANAGEMENT	Owner	Anton Kolin	Assistant

At the bottom of the modal window, there are buttons for 'Print', 'Full page', 'Remove', 'Save', and 'Close'.
