

Calendar Modes

Calendar lets you imagine issues in two modes:

- [Basic Modes](#)
 - [Month](#)
 - [Week](#)
 - [Day](#)
 - [Year](#)
- [Timeline View](#)

To choose the view select Calendar Tab then click on Edit button and put ticks on needed views:

You can use several types of calendars **in server versions:**

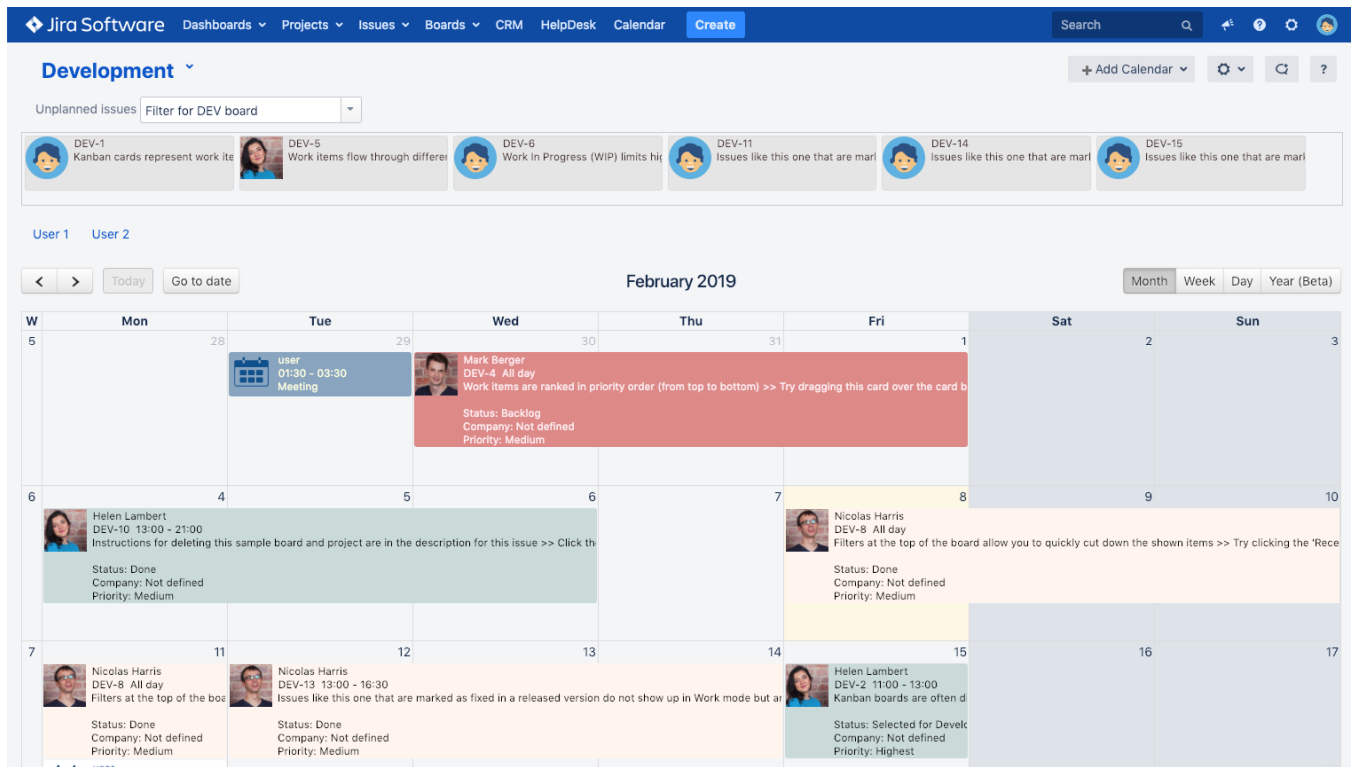

- Custom Calendar Tab (select **"Calendar"** from the main menu **JIRA**)
- Project Calendar Tab (select **"Projects \ Project Name \ Add-ons\Calendar"** in the main menu **JIRA**)
- Issue Calendar Tab (select **"Calendar"** in the section of issue - **"Activities"**)

For **cloud version** by now it is available only from **JIRA** main menu.

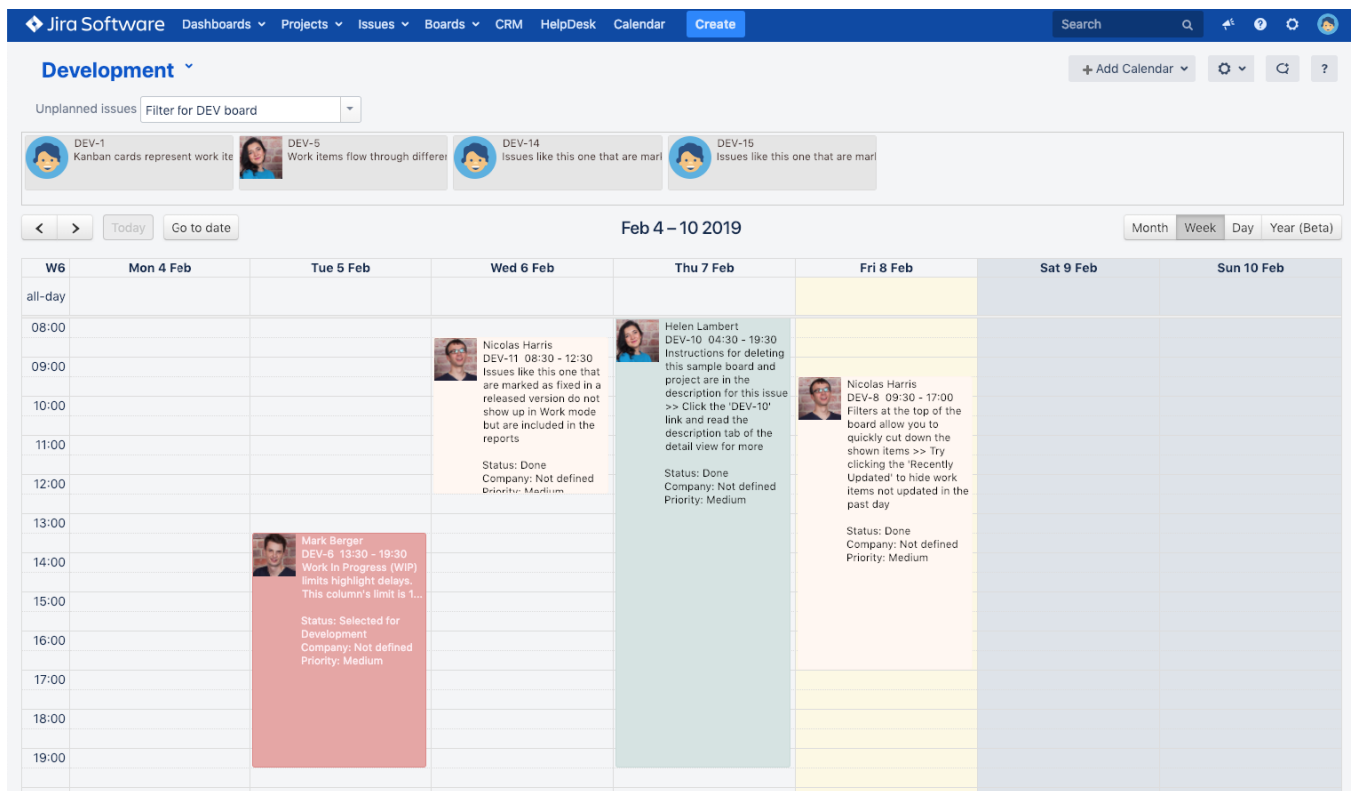

Basic Modes

In basic mode are included standard views Month, Week and Day:

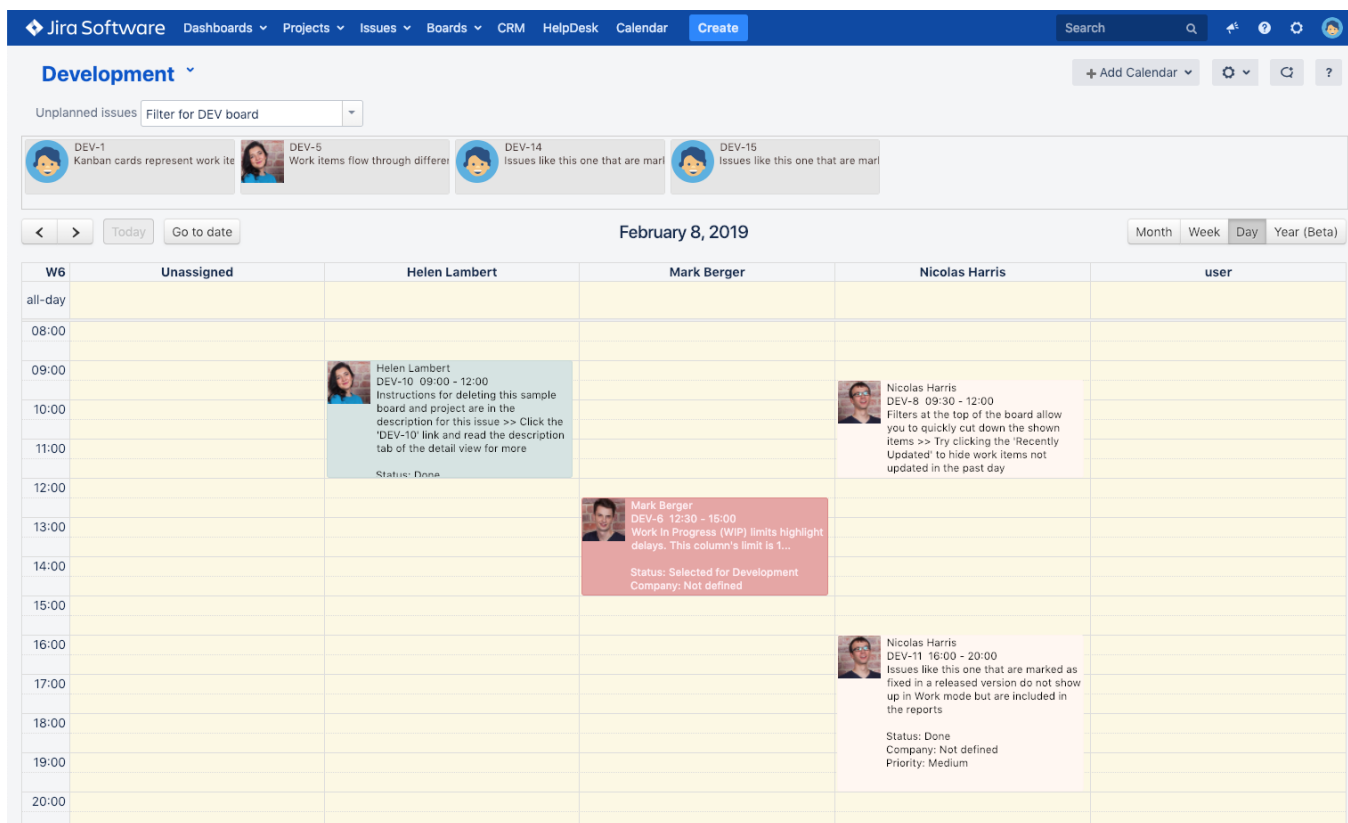

Month

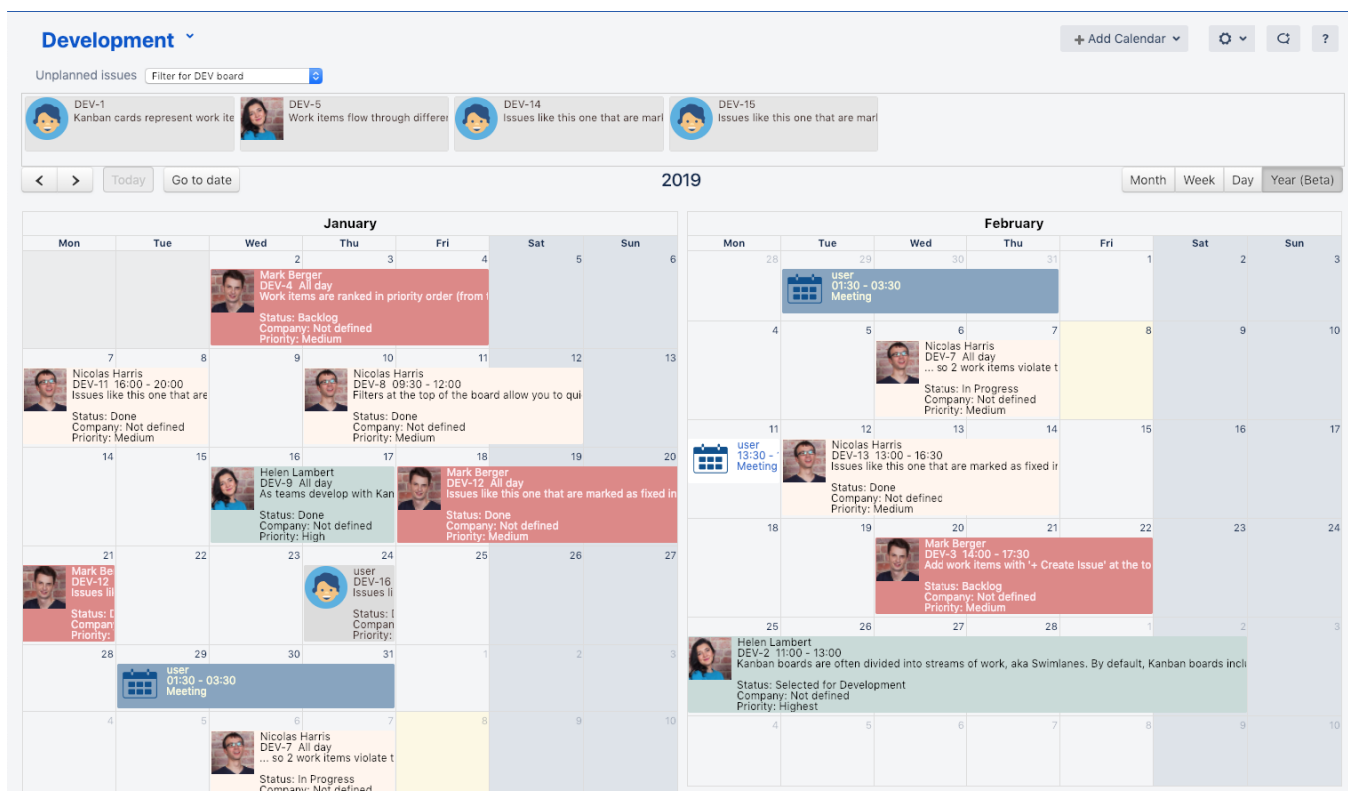

Week

Day

Year

Timeline View

Timeline view allows you to browse calendar tasks placed horizontally while the time (days) is presented on coordinate axis in one line.
